- 3 Sales Slips
- Real or play money
- Instructions for Role Play Activity - Listed below
- Activities Attached
- Blank paper and pen
- Calculators are not permitted.

## Learner Information

In life you will be buying groceries and using money in other ways. Read and complete the tasks below. Remember to use a separate piece of paper to complete your calculations.

## Work Sheet

**Question 1: You are going grocery shopping and you want to check that you have enough money for the items when you checkout. Calculate the total of the following items:**

- **1 bag of sugar: \$2.35**
- **2 cans of tuna: \$1.99 each**
- **1 bag of dog food: \$12.29**
- **1 can of apple juice: \$1.09**
- **1 tub of margarine: \$1.29**
- **1 cucumber: \$0.79**

**Total amount of groceries is:**

---

**Question 2: You and your family are planning an outing at the amusement park. You plan to have lunch and ice cream while you are at the park. You have 2 adults, 2 children and 1 senior in your family. You have allowed \$10 per person for lunch and \$3 per person for ice cream. Calculate the amount you will need for the day using the information provided.**

**Entrance Fees**

- **Adults: \$12.50**
- **Children (under 12): \$8.25**
- **Seniors: \$9.00**

**Total amount for the day is:**

---

**Question 3: You are helping out at the bazaar. Your job is to add up the money that was made at the bake table in the first hour. The money you have is:**

- **16 loonies**
- **20 quarters**
- **20 toonies**
- **10 dimes**

**How much money in total did you take in?**
