

## Task Title: Carpenters Use the Internet to Solve Problems

### OALCF Cover Sheet – Learner Copy

**Learner Name:** \_\_\_\_\_

**Date Started:** \_\_\_\_\_

**Date Completed:** \_\_\_\_\_

**Successful Completion:** Yes ☐ No ☐

**Goal Path:**

Employment	<input type="checkbox"/>	Apprenticeship	<input type="checkbox"/>
Secondary School	<input type="checkbox"/>	Post Secondary	<input type="checkbox"/>
		Independence	<input type="checkbox"/>

**Task Description:** The learner will conduct internet searches to locate information and compare prices for tools and equipment used by carpenters.

### Main Competency/Task Group/Level Indicator:

- Find and Use Information/Read continuous text/A1.2
- Communicate Ideas and Information/Create and complete forms/B3.2b
- Use Digital Technology/D.2

### Materials Required:

- Pen/pencil and paper and/or digital device
- Computer with word processing (e.g. Microsoft Word or Google Docs) or spreadsheet (e.g. Microsoft Excel or Google Sheets) software

## Learner Information

Carpenters use the internet to find information about tools and equipment and compare prices before making purchases.

## Work Sheet

**Task 1: Conduct an internet search to find another name for a reciprocating saw and write it below.**

Answer:

---

**Task 2: List at least three (3) websites that explain how to replace the trigger switch of a reciprocating saw.**

Answer:

---

**Task 3: Find three (3) stores in Ontario that sell a switch for a Bosch 12-Volt Max Variable Cordless Reciprocating Saw.**

**Using a word processing or spreadsheet program, create a table that includes the store names, prices, and the store website address.**

Answer:

No written response required here.

Task Completed: Yes ☐

---

**Task 4: Add a column on the right side of the table you created in Task 3. In this column, include the addresses of the stores closest to your home address or the learning centre address.**

Answer: No written response required here.

Task Completed: Yes ☐

---

**Task 5: For each store you locate, use an online map site (e.g. Google Maps) to find out how far it is located from you. You can use your home address or the learning centre address. Add one more column to your table labeled 'Distance' and record the number of kilometres to each store. Show your final table to your instructor.**

Answer: No written response required here.

Task Completed: Yes ☐
