## Learner Information and Tasks

Through these tasks, you will be creating a special events calendar for your learning centre using the blank monthly forms on the next three pages.

**Task 1:** Make a list of all the common holidays celebrated throughout the year. Some of these holidays are New Year's Day, Valentine's Day, Hallowe'en, and Labour Day. Using the forms write each holiday under the month they occur. Write the date on which the holiday occurs beside the holiday's name.

**Task 2:** Ask other learners and staff members at your learning centre what other special days they celebrate. These could be religious or cultural celebrations for example. Add these occasions and dates to your calendar under the correct months.

**Task 3:** Record your name and birthday in the calendar under the correct month. Ask other people in the learning centre when their birthdays are. You do not need to know the year they were born or what their age is. This information is private. Be sure to ask if they mind telling you their birthday or mind having you mark it down in a learning centre calendar. If they do not mind, record their names, and birthdays in the correct months.
