Materials Required:

- Blank paper and pen/pencil
- **Calculators are not permitted.**

Task Title: AddMoneyAmounts_I_A1.1_C1.1

Learner Information

In life you will be buying groceries and using money in other ways. Read and complete the tasks that follow. Remember to use a separate piece of paper to complete your calculations.

Work Sheet

Task 1: You are going grocery shopping, and you want to check that you have enough money for all the items on your list when you get to the checkout.

Calculate how much money you will need to buy all the following items.

- **1 bag of sugar: \$2.35**
- **2 cans of tuna: \$1.99 each**
- **1 bag of dog food: \$12.29**
- **1 can of apple juice: \$1.09**
- **1 tub of margarine: \$1.29**
- **1 cucumber: \$0.79**

Answer:

Task 2: You and your family are planning an outing at the amusement park. While there, you plan to have lunch and ice cream. Including entrance fees for everyone, if you have 2 adults, 2 children and 1 senior in your family, and lunch is \$10 per person, and ice cream is \$3 per person, how much money will you need for the day?

Entrance Fees

- **Adults: \$12.50**
- **Children: (under 12) \$8.25**
- **Seniors: \$9.00**

Answer:

Task Title: AddMoneyAmounts_I_A1.1_C1.1

Task 3: You are helping at the bazaar. Your job is to add up the money that was made at the bake table in the first hour. You have:

- **16 loonies**
- **20 quarters**
- **20 toonies**
- **10 dimes**

How much money in total did you take in?

Answer:

Answers

Task 1: You are going grocery shopping, and you want to check that you have enough money for all the items on your list when you get to the checkout.

Calculate how much money you will need to buy all the following items.

- **1 bag of sugar: \$2.35**
- **2 cans of tuna: \$1.99 each**
- **1 bag of dog food: \$12.29**
- **1 can of apple juice: \$1.09**
- **1 tub of margarine: \$1.29**
- **1 cucumber: \$0.79**

Answer:

1 bag of sugar	\$2.35 each	2.35
2 cans of tuna	\$1.99 each	$2 \times 1.99 = 3.98$
1 bag of dog food	\$12.29 each	12.29
1 can of apple juice	\$1.09 each	1.09
1 tub of margarine	\$1.29 each	1.29
1 cucumber	\$0.79 each	0.79
TOTAL COST OF GROCERIES		\$21.79

Task 2: You and your family are planning an outing at the amusement park. While there, you plan to have lunch and ice cream. Including entrance fees for everyone, if you have 2 adults, 2 children and 1 senior in your family, and lunch is \$10 per person, and ice cream is \$3 per person, how much money will you need for the day?

Entrance Fees

- **Adults: \$12.50**

Task Title: AddMoneyAmounts_I_A1.1_C1.1

- **Children: (under 12) \$8.25**
- **Seniors: \$9.00**

Answer:

Admission: 2 adults @ 12.50 + 2 children @ 8.25 + 1 senior @ 9.00 = \$50.50

Lunch: 5 people @ \$10 each = \$50.00

Ice cream: 5 people @ \$3 each = \$15.00

Total: \$50.50 + \$50 + \$15 = **\$ 115.50**

Task 3: You are helping at the bazaar. Your job is to add up the money that was made at the bake table in the first hour. You have:

- **16 loonies**
- **20 quarters**
- **20 toonies**
- **10 dimes**

How much money in total did you take in?

Answer:

16 x \$1	\$16.00
20 x \$0.25	\$5.00
20 x \$2	\$40.00
10 x \$0.10	\$1.00
Total	\$ 62.00

Performance Descriptors

Levels	Performance Descriptors	Needs Work	Completes task with support from practitioner	Completes task independently
A1.1:	Follows simple, straightforward instructional texts			
C1.1:	Adds, subtracts, multiplies and divides whole numbers and decimals			
	Recognizes values in number and word format			
	Identifies and performs required operation			
	Interprets and represents costs using monetary symbols and decimals			
	Follows apparent steps to reach solutions
