

Task-based Activity Cover Sheet

Task Title: Delete photos from a digital camera

Learner Name:	
Date Started:	Date Completed:
Successful Completion: Yes___ No___	
Goal Path: Employment___ Apprenticeship___ Secondary School___ Post Secondary ___Independence ✓	
Task Description: Erase images from a digital camera	
Competency: D: Use Digital Technology A: Find and use information	Task Group(s): D1 not rated for complexity A1 Read continuous text A2 Interpret documents
Level Indicators: D.1. : Perform simple digital tasks according to a set procedure A1.1: Read brief texts to locate specific details A2.1: Interpret very simple documents to locate specific details	
Performance Descriptors: see chart on last page or click here .	
Links to skill building activities: see the last page or click here .	
Materials Required: <ul style="list-style-type: none">• Canon Powershot Camera Instructions on how to Erase Images (included)• Pen, pencil or highlighter	
ESKARGO: D1 Use digital technology <ul style="list-style-type: none">• Describes the purpose and use of digital technology in everyday life (e.g., cell phones, digital cameras, ATMs, GPS, calculators, computers, iPads, digital thermostats, scanners, remote control devices, fax machines, photocopiers, etc.)• Explains common features of everyday digital devices• Follows simple prompts• Locates specific functions and information• Follows apparent steps to compete tasks• Interprets brief text and icons	

Attitudes:

Practitioner,

We encourage you to talk with the learner about attitudes required to complete this task set. The context of the task has to be considered when identifying attitudes. With your learner, please check one of the following:

- Attitude is not important Attitude is somewhat important Attitude is very important

Task Title: Delete photos from a digital camera

Learner Information and Tasks:

Images can be erased from a digital camera to get rid of pictures you don't want or to clear memory space. Look at the instructions on page 20 from the Canon Camera user's manual.

Task 1: How many images can you erase at one time?

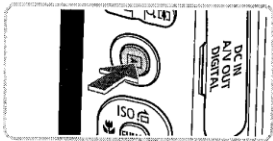

Task 2: What will appear when you select the playback mode?

Task 3: Circle or highlight the button you press to erase an image.

Task 4: What cannot be recovered?

Erasing Images

You can select and erase images one at a time. Please note that erased images cannot be recovered. Exercise adequate caution before erasing an image.

Select the playback mode.

- Press the button.
- ▶ The last image you took will appear.

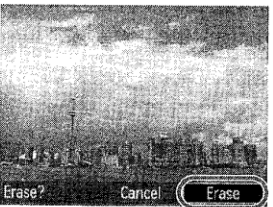

Select an image to erase.

- Press the buttons to select an image.

Erase the image.

- Press the button.
- ▶ [Erase?] appears.
- Press the buttons to select [Erase], then press the button.
- ▶ The displayed image will be erased.
- To exit instead of erasing, press the buttons to select [Cancel], then press the button.

Task Title: Delete photos from a digital camera

Answer Key

Task 1: You can only erase **ONE** image at a time.

Task 2: When you select the playback mode **the last image you took** will appear.

Task 3: The button marked “**FUNC SET**” should be circled (there are two places they could do this).

Task 4: Erased images.

Task Title: Delete photos from a digital camera

Performance Descriptors		Needs Work	Completes task with support from practitioner	Completes task independently
A1.1	<ul style="list-style-type: none"> reads short texts to locate a single piece of information 			
	<ul style="list-style-type: none"> follow simple, straightforward instructional texts 			
A2.1	<ul style="list-style-type: none"> scans text to locate information 			
	<ul style="list-style-type: none"> locates multiple pieces of information in simple texts 			
D.1	<ul style="list-style-type: none"> follows simple prompts 			
	<ul style="list-style-type: none"> follows apparent steps to complete tasks 			
	<ul style="list-style-type: none"> interprets brief text and icons 			
	<ul style="list-style-type: none"> locates specific functions and information 			
	<ul style="list-style-type: none"> requires support to identify sources and to evaluate and integrate information 			

This task: was successfully completed ___ needs to be tried again ___
