Task Title: IncomeSourcesForIncomeTaxes_E_A2.1

Learner Information

Most Canadians need to file income taxes with the government every year. Some income sources are reported on income taxes, while others are not.

Scan "What income do I report on my taxes?"

What income do I report on my taxes?

When you do your taxes you need to report all types of income. Here are some examples:

Report it

I work a part-time job.

I receive money through stocks.

I make a little extra cash walking dogs.

I receive social assistance payments.

I earn income driving for a ride-share service.

Don't report it

I won some lottery money.

I was given money for my birthday.

I get GST/HST credit and Canada child benefit payments.

What if I didn't have any income this year?

You should still do your taxes to take advantage of any eligible credits
