## Learner Information

In emergency situations, it is important to determine who to contact for help, and be able to clearly communicate information.

Read the following emergency scenarios.

**Scenario 1:** You are looking out of your living room window and see your elderly neighbour walk out to collect his mail. He collapses on the sidewalk. He is not moving.

**Scenario 2:** It is late at night and you hear the sound of glass breaking. You know your neighbours are away for the weekend. When you look out, you see a strange car parked in front of their house on the street.
