

## Task Title: University Program Comparison

### OALCF Cover Sheet – Practitioner Copy

**Learner Name:** \_\_\_\_\_

**Date Started:** \_\_\_\_\_

**Date Completed:** \_\_\_\_\_

**Successful Completion:** Yes ☐ No ☐

**Goal Path:** Employment ☐ Apprenticeship ☐

Secondary School ☐ Post Secondary ☐ Independence ☐

**Task Description:** The learner will find and compare information about university programs in Ontario.

#### Main Competency/Task Group/Level Indicator:

- Communicate Ideas and Information/Complete and create documents/B3.2a
- Use Digital Technology/D.2

#### Materials Required:

- Pen/pencil and paper and/or digital device
- Computer

## Learner Information

Before applying to a post-secondary program, many prospective students will research differences between schools and programs.

Open the Ontario Universities Information page about programs:

<https://www.ouinfo.ca/programs/all>

Select three (3) journalism programs to compare. Click “Compare” and open “Show my Comparisons” to see your results.

## Work Sheet

**Task 1: Complete the chart to compare three Journalism programs.**

Answer:

| University | Prerequisites | Grade Range | Enrollment |
|------------|---------------|-------------|------------|
|            |               |             |            |
|            |               |             |            |
|            |               |             |            |

**Task 2: Go to the main Ontario Universities Information page:**

**<https://www.ouinfo.ca/programs/>**

**Under "Find a Program" select "Show Advanced Search Options".**

**Under "Location" select "Eastern Ontario".**

**Under "Grade Range" select "75%-80%".**

**Search all programs and complete the chart using program options from three (3) different universities.**

Answer:

| Program Name | University |
|--------------|------------|
|              |            |
|              |            |
|              |            |

**Task 3: Many universities have transfer agreements with colleges.**

**Go to:** <https://www.ouac.on.ca/guide/collaborative-university-and-college-programs/#program-information>

**Open the drop-down menu for University of Guelph and complete the chart based on the agreement between University of Guelph and Humber-Polytechnic.**

Answer:

| <b>OUAC Program Code</b> | <b>Program Name</b> | <b>Application Process</b> |
|--------------------------|---------------------|----------------------------|
| GHF                      |                     |                            |
| GHB                      |                     |                            |
| GHE                      |                     |                            |

## Answers

### Task 1: Complete the chart to compare three Journalism programs.

Answers will vary. An example is shown below:

| University                                 | Prerequisites                                                                                                                                                                     | Grade Range | Enrollment |
|--------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------|------------|
| Carleton                                   | <ul style="list-style-type: none"> <li>English (ENG4U)</li> <li>5 best 4U/M courses</li> </ul>                                                                                    | 80-85%      | 100        |
| Toronto Metropolitan<br>(formerly Ryerson) | <ul style="list-style-type: none"> <li>English (ENG4U/EAE4U required)</li> </ul>                                                                                                  | Below 75%   | 150        |
| Trent                                      | <ul style="list-style-type: none"> <li>6 best 4U/M courses with 70% minimum calculated average</li> <li>ENG4U with minimum 60% average</li> <li>4U math is recommended</li> </ul> | Below 75%   | 50         |

### Task 2: Go to the main Ontario Universities Information page:

<https://www.ouinfo.ca/programs/>

Under "Find a Program" select "Show Advanced Search Options".

Under "Location" select "Eastern Ontario".

Under "Grade Range" select "75%-80%".

Search all programs and complete the chart with program options from three (3) different universities.

Answers will vary. An example is shown below:

| Program Name               | University           |
|----------------------------|----------------------|
| Accounting                 | Carleton             |
| Bachelor of Arts & Science | Trent                |
| Cognitive Science          | University of Ottawa |

**Task 3: Many universities have transfer agreements with colleges.**

**Go to:** <https://www.ouac.on.ca/guide/collaborative-university-and-college-programs/#program-information>

**Open the drop-down menu for University of Guelph and complete the chart based on the agreement between University of Guelph and Humber-Polytechnic.**

Answer:

| <b>OUAC Program Code</b> | <b>Program Name</b>                                                                                                    | <b>Application Process</b>                      |
|--------------------------|------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------|
| GHF                      | Honours Bachelor of Applied Science in Social Services and Well-Being Studies (BASc) and Social Service Worker Diploma | OUAC or University of Guelph-Humber Application |
| GHB                      | Honours Bachelor of Applied Science in Social Services and Well-being Studies (BASc) and Social Service Worker Diploma | OUAC or University of Guelph-Humber Application |
| GHE                      | Honours Bachelor of Applied Science in Early Childhood Studies (BASc) and Diploma in Early Childhood Education         | OUAC or University of Guelph-Humber Application |

### Performance Descriptors

| Levels | Performance Descriptors                                                                                     | Needs Work | Completes task with support from practitioner | Completes task independently |
|--------|-------------------------------------------------------------------------------------------------------------|------------|-----------------------------------------------|------------------------------|
| B3.2a  | uses layout to determine where to make entries                                                              |            |                                               |                              |
|        | begins to make some inferences to decide what information is needed, where and how to enter the information |            |                                               |                              |
|        | makes entries using a limited range of vocabulary                                                           |            |                                               |                              |
|        | follows instructions on documents                                                                           |            |                                               |                              |
| D.2    | selects and follows appropriate steps to complete tasks                                                     |            |                                               |                              |
|        | locates and recognizes functions and commands                                                               |            |                                               |                              |
|        | makes low-level inferences to interpret icons and text                                                      |            |                                               |                              |
|        | begins to identify sources and evaluated information                                                        |            |                                               |                              |
