**Task Title:** Locate Auto Parts Online

### Answer Key

**Task 1:** Use the internet to locate and define the term OEM used in the auto industry.

**Answers may vary in Websites that used for the definition. Below is a sample.**

#### **Original Equipment Manufacturer**

**When referring to automotive parts, OEM designates a replacement part made by the manufacturer of the original part. As most cars are originally assembled with parts made by companies other than the one whose badge appears on the vehicle, it may happen that a car company sells OEM spare parts without claiming to have manufactured the part itself.**
